

# HIGHCOOL

AIR CONDITIONING

## The new name in highly competitive Air Conditioning Systems

You may have been tempted by one of the low-cost imports coming into the UK - now is the time to check out *Highcool* - the great new range supplied exclusively by Controls Center - NRS.

*Highcool* cooling only and heat pump models are manufactured to the highest standards incorporating modern stylish designs and control systems that allow total control and flexibility for designers and users alike. The *Highcool* range of air conditioners consisting of cassette, wall mounted, ducted, floor/ceiling and mobile models, are built to a specification especially adapted for the UK market, and most of all, is extremely competitively priced.
