

When it comes to saving energy, Dimplex can change the way you feel...

..the second you walk through the door

Surface mounted

Recess mounted

Industrial

Architectural

Because door openings come in all shapes and sizes, so does our extensive range of air curtains. With a choice of styles and outputs, they're an ideal way to reduce energy wastage. Choose from the surface or recess mounted CAB & DAB ranges which are suitable for commercial and light industrial use, or our industrial IAB range, suitable for 6m doorways. Our top of the range architectural ARC models can also be mounted vertically or horizontally. With a range of over 45 models, all with full BEMS interface and modular design, you can be sure we have a solution – whatever your door width.

So when it comes to saving energy, with Dimplex you and your customers will feel the difference the moment you walk through the door.
