

envirotec

Envirotec manufacture a high quality range of Air Curtains, Air Handling Units and Extract Fans, all backed up by a comprehensive technical and service network.

Vertical Air Curtains

To compliment the existing range of horizontal air curtains, Envirotec have developed an extensive range of vertical models that offers an aesthetically pleasing design that combines ease of maintenance with high performance.

Air Handling Unit Refurbishment

In addition to making AHUs, Envirotec offer a full refurbishment service for all makes and types of AHU. From replacement casings to new coils, fans or drive motors, Envirotec can breath new life into tired plant.
