

New Chiller Technologies.

ICS has the complete package

Maximise efficiency and save costs with the latest range of energy efficient chillers from ICS.

An extensive range of chillers are available to you incorporating the latest energy efficient technology, such as Turbocor Centrifugal compressors, ozone friendly refrigerants and free cooling capabilities.

Unsure what you need and how it would apply to your application?

No problem. ICS have local engineers nationwide who are experienced at engineering a solution and providing a first-class assessment to assist with your decision-making.

So, if you need cooling fast, or an engineer to work with you and your business don't worry because we can help. Call ICS free on **0800 169 3861** or log on to www.icstemp.com.
